SECURITY DEVICES

Mobile Device Charger Safe

CPS Mobile Device Charger Wall Safe will recharge your cell phones, tablet & laptop while being safely stored. The safe is manufactured from high quality powder coated steel and conforms to the strictest codes of quality.

PC Safe

Our security PC enclosures are ideal for deterring theft, our PC safes attach to the floor or wall using rawl bolts instantly turning your pc into an immovable object. The lever locking systems and all steel construction ensure that the PC SAFE exceeds insurance specifications. These high security standards don't impede on functionality, airflow, access to your PC's optical drives and USB ports are

not compromised.

PC SAFE is ideal for universities, government institutions, libraries, schools, doctors rooms and private companies. Whether you're a home user, small business or large corporation, PC Safe anti-theft devices will give you the peace of mind that your computer equipment is safe from theft.
