CABINETS AND
SWING CABINETS

Dust & Weather Protection

The ARIES range of 19" outdoor enclosures offers protection against weather & dust.

Made in South Africa
Manufactured to International Standards
Exported Globally

ARIES RANGE

IP55 Wall Mount Cabinets

Wall units depth: 450mm
4u, 6u, 9u, 12u, 15u, 20u

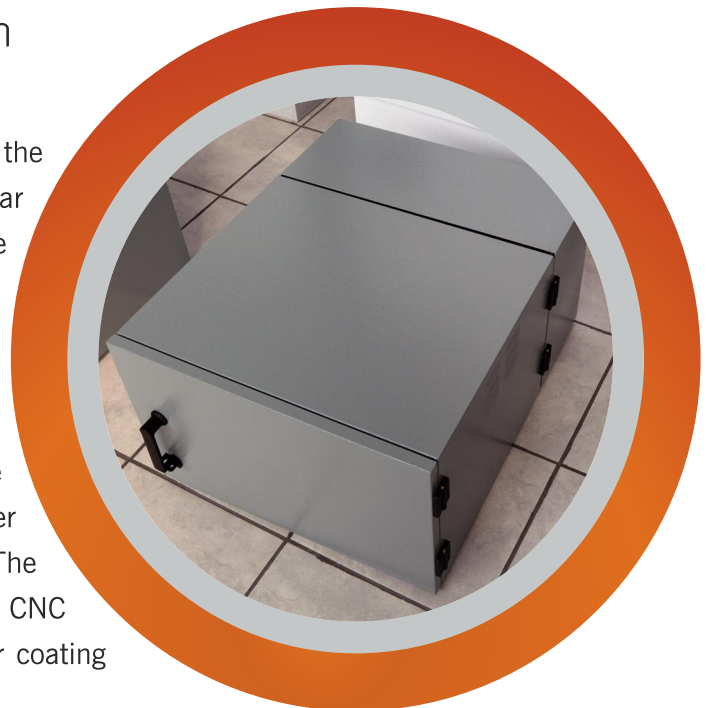

The ARIES range of 19" outdoor enclosures offers protection against weather & dust. The cabinets are manufactured from powder coated steel. The units come in either ventilated or non-ventilated versions. Fans are mounted on the bottom gland plate and have washable filters. Cable entry is via the bottom gland plate. The door is sealed with reinforced continuous air cushioned rubber gaskets which are fitted onto a bent double lip gutter. The manufacturing process incorporates sophisticated laser & CNC technologies prior to chemical cleaning and powder coating with a UV resistant coating.

IP55 Swing Cabinets

Wall units depth: 550mm and 650mm
4u, 6u, 9u, 12u, 15u, 20u

The ARIES swing frame cabinet has all the attributes of the single frame cabinet but with the uniquely sealed open rear portion. Special tooling was developed to achieve the complicated all-in-one double bend over waterproof design. Units are manufactured from powder coated steel and come in either ventilated or non-ventilated versions. Fans are mounted on the bottom gland plate and have washable filters. Cable entry is also via the bottom gland plate. The door is sealed with reinforced continuous air cushioned rubber gaskets which are fitted onto a bent double lip gutter. The manufacturing process incorporates sophisticated laser & CNC technologies prior to chemical cleaning. Units are powder coating with a UV resistant coating.
